

PRINTING INSTRUCTIONS FOR THE BOOKLET

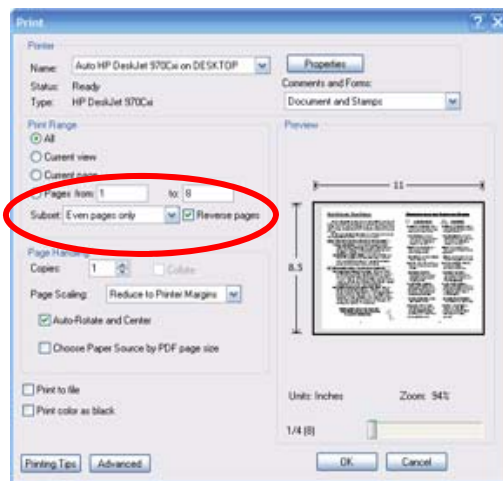

1. First you need to download the pdf of the booklet. Once you have downloaded the file, open it with Adobe Reader. It should look like the window on the right.

2. To print, click File/Print and you will see the dialogue box to the right. Open the drop down menu next to Subset and choose Odd pages only. Be sure not to check Reverse pages. Click OK.

3. Once these eight pages have been printed, reload them on the input tray exactly as they came off the print. Open the File/Print dialog box again. This time, choose Even pages only and check Reverse pages. Click OK.

4. Now you have the booklet in your hands. Enjoy!
